The students of Camelot Centre have created original, seasonal collages for Christmas Cards this season.

- Christmas Cards are 4.25" x 5.5" and all contain the following message, "Happy Holidays".
- Cards are packaged in groups of 6 different original designs pictured below, with blank envelopes for \$10.00 per package.
- We would be happy to personalize the cards with your own message for an additional \$10.00 charge per order.
- Packages can also be purchased blank, for you to write in your own message.
